

Jennifer is a working mom of toddler twins. Her passion for skating started when she was just 2.5 years old. Jennifer skated until she reached triple level gold in Dance, Skills and Interpretive (previously known as Artistic) and at that point decided to become a professional coach. Jennifer is Primary StarSkate certified and has taught all levels from Pre-CanSkate to Gold test skaters throughout her 17 years coaching. She has been with our club for 10 years now and is enthusiastic about making Figure 8 Skating Club an environment where skaters can have fun while learning the fundamentals of the sport of figure skating and excelling in all of their disciplines.
